Why Join CPSA?

Your membership is crucial. **Since 1943, the CT Package Stores Association (CPSA) has been the steadfast advocate for independent package stores** in Connecticut, achieving key legislative victories that enhance business stability and profitability. **Recent successes include:**

- Defeated supermarket wine sales, most recently in 2021 and again in 2023.
- Played a critical role in the implementation of THC-infused beverage sales in package stores.
- Defeated the returned proposal to allow box stores to sell beer in 2024.
- Helped win a 2016 lawsuit, safeguarding the rights of small and independent retailers.

CPSA provides **timely updates on legislative and regulatory issues impacting your business**. You also gain **membership to the American Beverage Licensees (ABL)**, our national association for retailer interests in Washington D.C. Members can also access basic **legal advice through our association attorney**, a former Chair of the General Law Committee, which oversees liquor law in CT. **Join CPSA to unite with over 1,250 independent voices and invest in a more secure future for your business.**

Legislative Appeal

CPSA has been made aware of an **aggressive push for the sale of wine in grocery stores** in the coming legislative session. This **would allow wine sales in virtually any retail business offering a small percentage of food, adding thousands of additional permits** across Connecticut. **Every bit of support is crucial as we stand up against the largest retail chains in the nation to safeguard your businesses.** Please consider making a donation with your membership.

Please select or write in your donation amount: \$50 \$100 \$200 \$_____
